## Searching for an Instructor Led Event

Click on the search ICON and type in IU Health.  
To search for courses

Click Register. You will receive an email  
confirming your registration in the course

You can choose to search “across Organizations to  
look for courses outside of IU health

The screenshot shows the 'Instructor-Led Event' search page. At the top, the breadcrumb 'Home > ... > Instructor-Led Event' is visible. The main heading is 'Instructor-Led Event' with a sub-heading 'Register for any one of the events as per your convenient date and time.' Below this is a search bar containing 'IU Health' and a dropdown menu showing the search result 'IU Health Test Only DO NOT USE'. A red arrow points from the text 'Click on the search ICON and type in IU Health. To search for courses' to the search bar. To the left of the main content is a 'Filter' sidebar with options: 'Choose Date Range', 'Timings' (Morning, Afternoon, Evening), 'Country', 'State/Province', 'City', 'Zip Code', 'Instructor Name', and 'Across Organization'. A red arrow points from the text 'You can choose to search “across Organizations to look for courses outside of IU health’ to the 'Across Organization' checkbox. The main 'Event Listing' area shows a single event card for 'IU Health Test Only DO NOT USE' on 'Jun 16, 2022' from '10:00 AM - 11:00 AM EDT' by instructor 'Elizabeth Boles'. A 'Register' button is present on the card. The page includes pagination '1 - 1 of 1' and navigation arrows.
