## **General Information**

### **Introduction**

#### **The AAP**

The AAP is an American professional association of pediatricians. The Academy runs continuing medical education (CME) programs for pediatricians and sub-specialists. The AAP is an organization of 67,000 primary care pediatricians, pediatric medical subspecialists and pediatric surgical specialists dedicated to the health, safety and well-being of infants, children, adolescents, and young adults. For more information, visit [www.aap.org](http://www.aap.org).

#### **RQI Partners LLC**

RQI Partners LLC is a partnership between the American Heart Association and Laerdal Medical, positioning the organizations to deliver innovative solutions that accelerate the impact of their lifesaving mission. The company blends the Association's leadership in science and resuscitation education with Laerdal's expertise in technology and implementation to deliver impactful and innovative resuscitation quality improvement programs. For more information, visit [www.rqipartners.com](http://www.rqipartners.com) and follow us on Twitter and LinkedIn.

#### **The NRP LP**

NRP 8th edition introduces a new educational methodology tailored to better meet the needs of the many health care professionals who manage the newly born baby. It will include the launch of the new NRP Learning Platform (NRP LP), an enhanced LMS system to better meet the needs of NRP Providers and Instructors.

### **Purpose**

This guide provides information to help the NRP LP Organization's Administrator to monitor and manage the delivery of the NRP programs at their organization.

### **Applies To**

This guide applies to NRP LMS customers, who have learners who use NRP LP to access the NRP courses.

## **Intended Audience**

This document is for the NRP LMS organization's Administrator, who is responsible for monitoring personnel and compliance in an organization utilizing the NRP programs. This guide contains the features and functionality of the NRP LP platform. Should the NRP LMS organization's Administrator have additional questions, they should reach out to their NRP LP Implementer or contact RQI Customer Support.

## **Organization Administrator (NRP LMS) Guide Structure**

This Organization Administrator (NRP LMS) Guide contains detailed information grouped into major topics, with task-specific work instructions (abbreviated WI:).

## Definitions

- **AAP:** The American Academy of Pediatrics (AAP) is an American professional association of pediatricians. The Academy runs continuing medical education (CME) programs for pediatricians and sub-specialists.
- **AAP Admin:** The AAP NRP representative who manages the users & NRP programs in the NRP Learning Platform.
- **Active User:** A user in the NRP Learning Platform that has a status set to Active. The user can be assigned the curricula.
- **Advanced Provider:** Advanced Provider focus on the course that delivers the online components of the blended learning course, who may participate in neonatal resuscitation beyond positive pressure ventilation.
- **Course/Curriculum:** A collection of learning components of the program, including the Online Learning Assessment (Adaptive eLearning) and the Exam (if Any). These online components along with respective ILE will assess and verify the foundational knowledge of the Neonatal Resuscitation Program.
- **CSV File:** A simple file format used to store tabular data, such as spreadsheets. CSV stands for Comma Separated Values.
- **Debrief the Debriefer:** 'Debrief the Debriefer' is the structured strategy for improving debriefing skills carried out by Instructor with the help of Instructor Mentor, who facilitate the scenario and debriefing.
- **Demographic Import File:** A file with a defined structure used to transmit user data from the organization to the NRP Learning Platform.
- **Essentials Provider:** Essential focus on the course that delivers the online components of the blended learning course, which is appropriate for anyone involved in the care of a newborn and who may be called on to initiate resuscitation and provide positive-pressure ventilation.
- **Guest:** A website visitor browsing the NRP Site (without active registrations) is deemed as a guest user. Existing registered users who have been deactivated can browse as guest visitor.
- **Inactive Instructor:** An Instructor is considered 'Inactive' upon eCard / rank expiry. An Inactive Instructor cannot manage ILEs (add/cancel/view/withdraw), however, will be able to modify ILEs that were added during the 'Active' period.

- **Inactive User:** A user in the NRP Learning Platform that has a status set to Inactive. This is used when a learner leaves an organization or is no longer required to have the NRP training.
- **Instructor:** Instructors focus on hands-on instruction, simulation, communication, and teamwork with their NRP Providers aspirants.
- **Inactive Instructor Mentor:** An Instructor mentor is considered 'Inactive' upon eCard / rank expiry. An Inactive Instructor mentor cannot manage ILEs (add/cancel/view/withdraw), however, will be able to modify ILEs that were added during the 'Active' period.
- **Instructor Application:** Instructor Application is an online form that is required to be submitted by an active Advanced Provider being the initial process towards IC curriculum that could be approved/rejected/on hold by an AAP Admin evaluation process.
- **Instructor Candidate:** Instructor Candidates are those physicians, registered nurses/nurse practitioners, respiratory care practitioners, or physician assistants with experience in the hospital care of newborns in the delivery room. An individual is deemed IC when they have completed an advanced provider curriculum and have their instructor application approved.
- **Instructor Mentor:** Instructor Mentors focus on hands-on instruction, simulation, communication, and teamwork with their Instructor Candidates.
- **Instructor Toolkit:** ITK contains the instructional resources and materials available in one location to help ICs, Instructors, and IMs to prepare for the online instructor course learning activity and exam.
- **Instructor-Led Events / Events:** Instructor-led Events is an offline component of a curriculum which must be registered in advance on the NRP Learning Platform. A registrant can expect to do hands-on skills stations, and team-based simulations with a manikin infant. Once successfully completed, a card will be made available to the learner identifying their rank.
- **Learner (not a rank):** A registered user has not enrolled or enrolled to any course or has ongoing learning activities on the NRP Learning platform. These courses can be self-enrolled or assigned to the learner.
- **NRP:** The Neonatal Resuscitation Program® (NRP®) course conveys an evidence-based approach to care of the newborn at birth and facilitates effective team-based care for healthcare professionals who care for newborns at the time of delivery.

- **NRP Global ID / NRP GID:** An unique identifier on the NRP Learning Platform that is auto generated for the user during the registration process on the NRP Learning Platform, through which a user can access all the learnings across the multiple profiles (Retail or Organizational).
- **NRP Learning Platform / NRP LP:** NRP 8th edition introduces a new educational methodology tailored to better meet the needs of the many health care professionals who manage the newly born baby. It will include the launch of the new NRP Learning Platform (NRP LP), an enhanced LMS system to better meet the needs of NRP Providers and Instructors.
- **NRP LMS customers:** Customers that utilize NRP Learning Platform to access and manage their user's access to the NRP course/curriculum.
- **3rd Party LMS Customers:** Customers that utilize their own LMS to access and manage their user's access to the NRP course/curriculum.
- **Organization Hierarchy:** The way to structure an organization using different levels.
- **NRP LP Implementer / RQI Implementer / Implementer:** The RQI Partners representative who manages the users and events in the NRP Learning Platform.
- **SCORM:** A collection of standards and specifications for web-based electronic educational technology (also called e-learning)
- **SFTP:** A secure protocol for transferring large files over the web.
- **Subdomain:** An additional part to the main domain name.
- **Learner (not a rank):** A registered user has not enrolled or enrolled to any course or has ongoing learning activities on the NRP Learning platform. These courses can be self-enrolled or assigned to the learner.
- **User:** A guest, registered user, NRP LP Implementer or AAP Admin on the NRP Learning Platform.
- **Work Instructions:** Steps with screenshots to perform a task.

## NRP Global Account / Individual

The NRP LP uses an auto-generated NRP Global ID, which is the global identifier used for NRP Global Account on the NRP Learning Platform. This allows the user to link their individual consumer account with all organizational profiles that is associated by using the NRP Global ID as a single point of entry. This enables the user to use a single set of credentials to login to their customer account or any of their linked organizational profiles. The NRP Global Account can be accessed via:

[www.nrplearningplatform.com](http://www.nrplearningplatform.com)

The benefits of NRP Global Account are as follows:

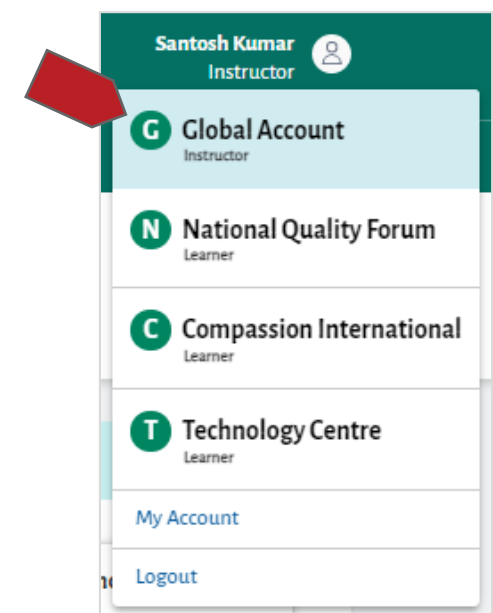

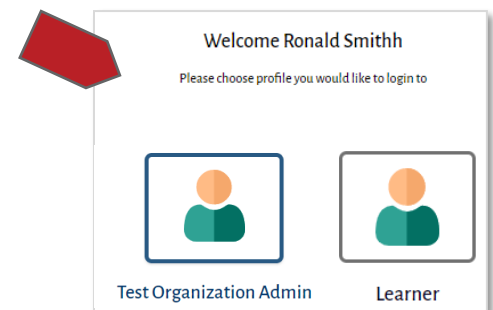

- Single sign on for global & organizational profiles
- Access to NRP Catalog based on Global Account
- Self-enroll to NRP curriculums
- Initiate/Resume/Complete a course assigned within the NRP LP (even after org separation)
- View Learning History of self-enrolled & Organizational assignments through dedicated dashboards
- View the eCards achieved from all the profiles

Multiple widgets can be accessed using NRP Global ID to switch a role between Admin and Learner roles.

## Courses/Curricula – 8th Edition NRP Courses

### NOTE:

- The ‘Courses/Curricula’ section describes the Instructor-led (traditional) format NRP courses, which are available in the NRP Catalog to enroll.
- Another option for 8th edition NRP is RQI® for NRP®, which is a quality improvement program for institutions (hence, not listed in the NRP Catalog). The program allows learners to complete NRP Essentials via a self-directed curriculum with quarterly activities to reinforce and master key NRP knowledge and NRP Essentials skills at a simulation station. However, RQI for NRP (Prep and Advanced Endorsement) ILEs is made available to be registered on the NRP Learning Platform.
- RQI for NRP is not required for 8th edition NRP training for those taking the Instructor-led course option.

NRP 8th edition introduces a new educational methodology tailored to better meet the needs of the many health care professionals who manage the newly born baby.

### Four NRP 8<sup>th</sup> Edition Curricula:

- **NRP 8<sup>th</sup> Edition Provider Curriculum (Essentials)** - Anyone who is involved in the care of a newborn should take NRP Essentials.
- **NRP 8<sup>th</sup> Edition Provider Curriculum (Advanced)** - It is appropriate for those who attend births and are responsible for anticipated resuscitation of a newborn with known risk factors, and for those who participate in neonatal resuscitation beyond positive-pressure ventilation.
- **NRP 8<sup>th</sup> Edition Instructor Candidate (IC) Curriculum** - This course content delivers the necessary curricula to *become* an NRP Instructor, which is available only to the Advanced Provider who must apply for an Instructor Application and get approved by an AAP Admin. This course must be enrolled and started within 30 days of the enrollment else the IA must be re-submitted.
- **NRP 8<sup>th</sup> Edition Instructor Renewal (IR) Curriculum** - This course content delivers the necessary curricula to *maintain* Instructor Status, which is available only for the Instructors and Instructor Mentors, who wish to maintain Instructor status prior expiration of Instructor eCard. If an instructor’s status expires prior meeting Instructor status maintenance requirements, then the instructor eligibility requirements must be met followed by completing the Instructor course requirements to maintain Instructor status.

## **Part 1 Essentials / Advanced Provider Curriculum Activities**

Part 1 focuses on building a foundation of Neonatal Resuscitation knowledge. The learning activities in Part I include:

- Self-study the *Textbook of Neonatal Resuscitation*, 8th Ed
- Online Learning Assessment (Adaptive Learning) – Featuring True Adaptive™ learning, a personalized method tailored to individual knowledge and confidence levels. True Adaptive learning adjusts to the learner’s competence and performance in real-time.
- Advanced Exam (35 questions; for Advanced Curriculum only) – There is unlimited attempts to complete the exam
- Part 1 Evaluation

Once all the Part 1 steps are completed, the user can access to the NRP Provider Certificate in their account on the NRP Learning Platform.

## **Part 2 Essentials / Advanced Provider Curriculum Activities**

Part 2 includes the Instructor-led Event (hands-on portion of the course). The user needs to attend an Instructor-led Event appropriate to the curriculum type (Essentials or Advanced; some events may include both).

The user must register for an NRP 8th edition Instructor-led Event before attending the event. The registration can be Self-register or registered by an instructor or administrator.

Activities include registering for an Instructor-led Event, which includes:

- Performance and Integrated Skills - The Performance Skills Station provides an opportunity to practice or review technical hands-on resuscitation skills with instructor assistance. The Integrated Skills Station allows the instructor to facilitate more than one scenario and evaluate the learner's readiness for simulation and debriefing.
- Simulation and Debriefing - Simulation and debriefing provide a safe setting in which to integrate cognitive and technical skills and focus on team communication and patient safety. The instructor will not coach, assist, or interrupt during a scenario.

Once the user completes all steps, the instructor will approve the user's skills and the eCard will be generated. Then, the user can access to the NRP Provider eCard in their account on the NRP Learning Platform.

## **Part 1 Instructor Candidate / Instructor Renewal Curriculum Activities**

Part 1 focuses on assessing and verifying the foundational knowledge of the *Neonatal Resuscitation Program curricula*. The learning activities in Part I include:

ITK: Study information the Instructor Toolkit, which contains resources and materials to help the user prepare for the online instructor course learning activity and exam.

- Online Learning Assessment (Adaptive Learning) – Featuring True Adaptive™ learning, a personalized method tailored to individual knowledge and confidence levels. True Adaptive learning adjusts to the learner's competence and performance in real-time.
- Advanced Exam (35 questions) – There is unlimited attempts to complete the exam
- Instructor Course – There are video course and knowledge-check questions to complete the course
- Instructor Exam (20 questions) – There is unlimited attempts to complete the exam
- Algorithm Activity – There is a NRP 8<sup>th</sup> Edition Algorithm to understand the sequence
- Part 1 Evaluation

Once all the Part 1 steps are completed, the user can access to the NRP Instructor/ NRP Instructor Mentor Certificate in their account on the NRP Learning Platform.

## **Part 2 Instructor Candidate / Instructor Renewal Curriculum Activities**

Part 2 includes the Instructor-led Event (hands-on portion of the course). The user needs to co-teach with an Instructor Mentor:

- Co-teach three (3) ILEs with an IM for IC courses
- Teach / Co-tach at least two (2) ILEs for IR courses

Debrief the Debrief (optional): Complete the 'Debrief the Debrief' activity with an Instructor Mentor after any Instructor-Led Event. IM will use the 'Debrief the Debrief' Checklist to debrief the performance.

Once the user completes all steps, the instructor will approve the user's skills and the eCard will be generated. Then, the user can access the NRP Instructor eCard in an account and achieved Instructor status on the NRP Learning Platform.

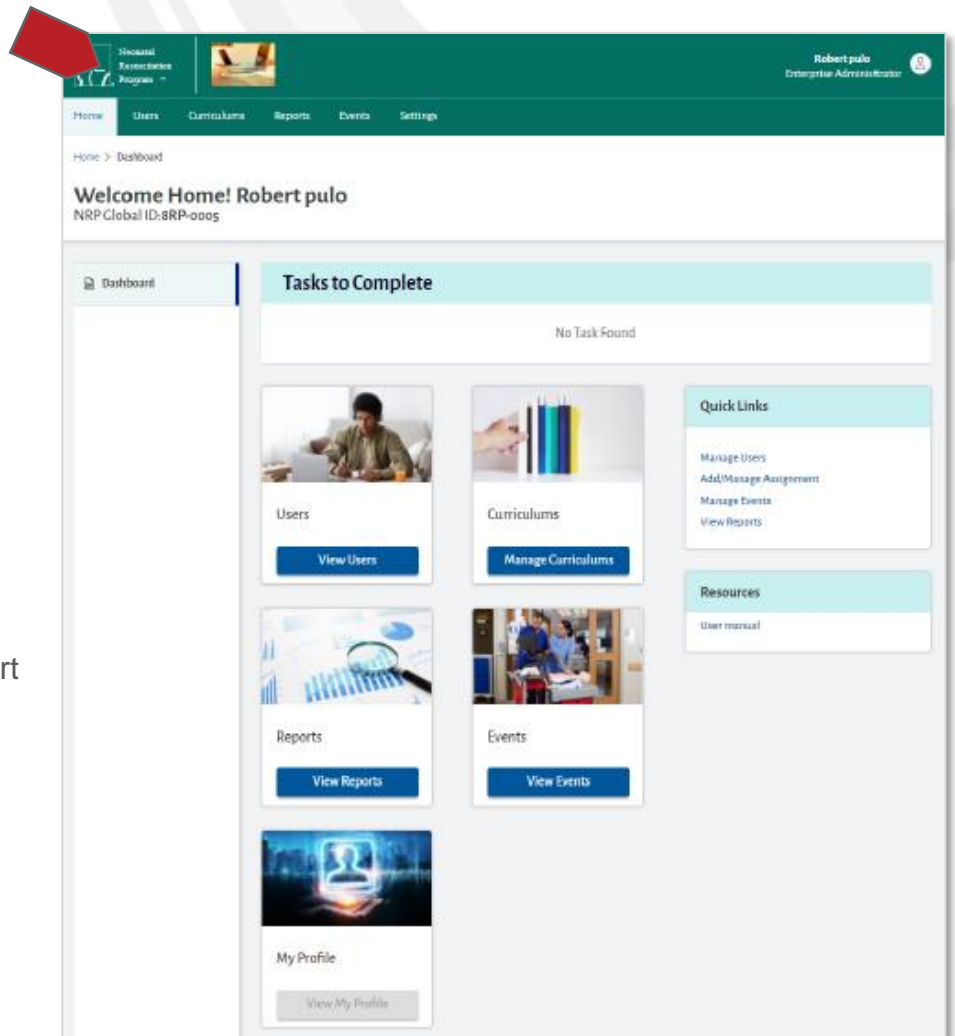

## Organization Administration (3<sup>rd</sup> Party LMS) Interface

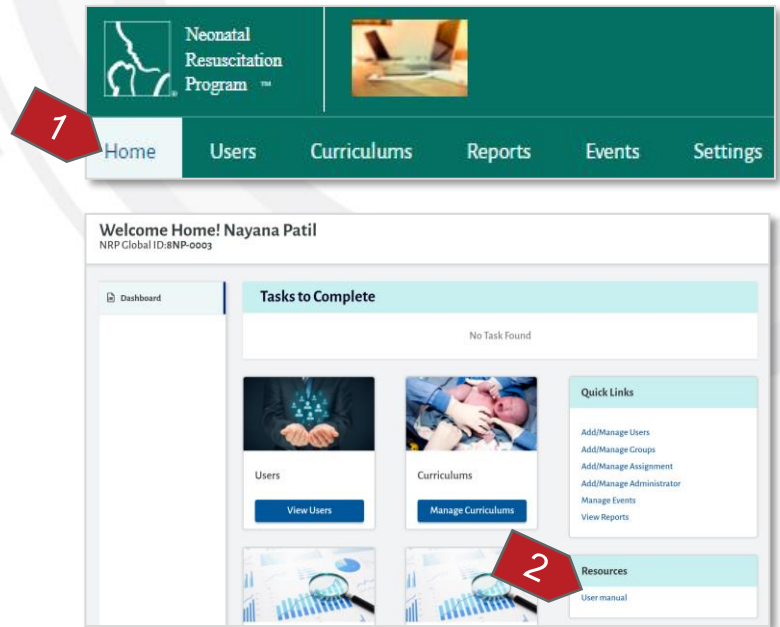

The Administration Interface contains the following menus, submenus, and tiles:

- Home:

## **Users**

### **Users – User Menu General Information**

The ‘Users’ menu contains the following submenus:

- Users – A list of students (Learner, Essential Provider, Advanced Provider, Instructor, and Instructor Mentor) in an organization
- Upload History – A list of files (user’s bulk upload) along with the number of records being uploaded through the file

The ‘Users’ menu also shows the option to ‘Add Users’ (single or bulk users). Actions can be performed on a single user and multiple users. The users can be searched/filtered, and the resulting columns can be sorted.

The ‘Users’ submenu columns:

- Selection Check Box – Can select all or some users
- NRP Global ID – The NRP Global ID of the user
- Name – The first name, middle name, and last name of the user
- Email Address – The email address of the user
- Unit – The name of the unit in organization hierarchy
- Rank – The rank (highest active rank among the current organization and accounts being exposed) of the user
- Rank Expiry – The expiry date of the user’s rank (highest active rank among the current organization and accounts being exposed). N/A in case of Learner.
- Job Title – The job title of the user
- Status – The status of the user, either Enabled or Disabled
- Action – An action button to perform actions on the user

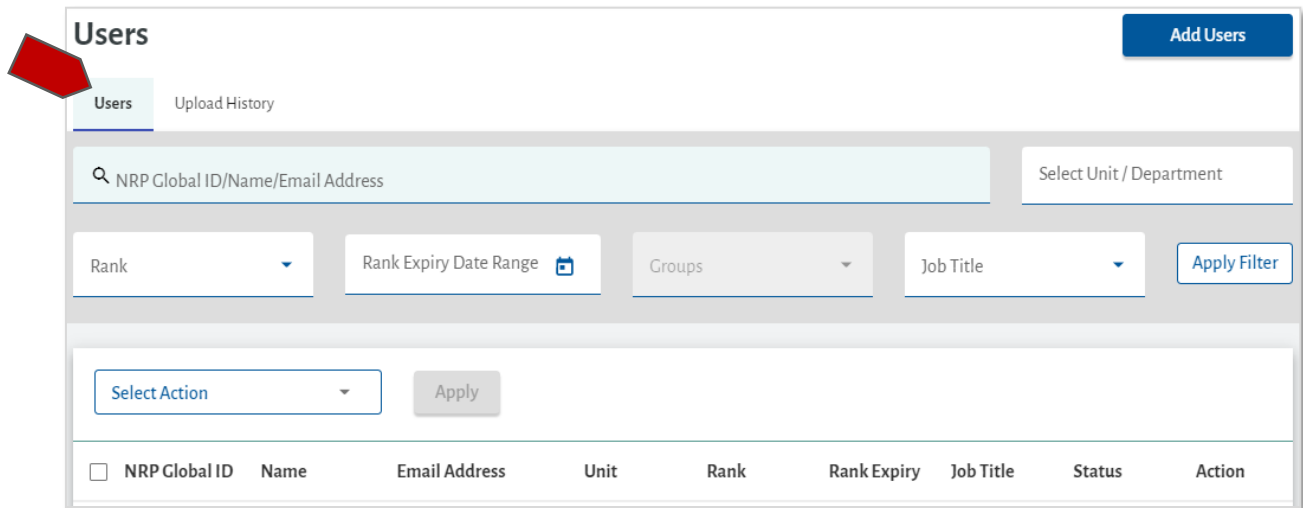

The ‘Migrated Users’ submenu columns (Only applicable to the organization having migrated users from HealthStream):

- NRP ID/Card Number – The NRP ID or Card Number of the user
- HLC User Name – The HLC User Name of the user
- Name – The first name, middle name, and last name of the user
- Rank – The rank of the migrated user
- Rank Expiry – The expiry date of the user’s rank
- Status – The status of the user, either Enabled or Disabled

- Mapping Status – The status of the user, either Not Mapped or Mapped  
*NOTE: The ‘Mapping Status’ status change to “Mapped” when user links Past Learning History on NRP Learning Platform.*

The ‘Upload History’ submenu columns:

- File Name – The name of the file (template) that contains the list of the users
- Uploaded Date/Time – The date/time of the uploaded file
- Uploaded Type – The type of the uploaded file, either Manual or Automatic
- Uploaded By – The name of the Admin who uploaded the file
- Upload Status – The status of the file, either ‘In Progress’, ‘Successful’ or ‘Failed’
- Records Updated – The total number of records in a file being uploaded
- Failed Records – An action button to perform actions on failed records and download the CSV file

## Demographic Import File Structure

Each row of the Demographic Import File describes two things about each unique user:

- The user’s position in the organization hierarchy (the standard 3-Level hierarchy is shown below). The templated shows the flexible hierarchy levels based on the set heirarchy levels by an Implementer.
- User-specific details such as User ID, First name, Middle Name, Last Name, Email, JobTitle, Status.

*Example: Demographic Template with samples*

	A	B	C	D	E	F	G	H	I	J	K
1	InstitutionID	InstitutionName	DepartmentID	DepartmentName	UserID	FirstName	MiddleName	LastName	Email	JobTitle	Status

## Technical Requirements / Limitations

- The Demographic Import File is a CSV file. When creating the Demographic Import File, use the .csv file extension.
- The mandatory columns are marked with "\*" symbol
- Level 1 of the organization hierarchy is the Organization Name, hence it will not be included in the Demographic Import File
- If the Level ID & Level Name field of the lower levels of hierarchy are omitted, the user will be assigned directly to the next highest hierarchy level
- Spaces are allowed in all Text type fields
- The delimiter character (comma (,) – for most customers, caret (^) – HealthStream customers) is not allowed in any of the data fields
- Duplicate records i.e., identical UserID or Email in the uploaded file will overwrite if it is existing, else latest UserID or Email is considered
- Non-unique fields are standardized to maintain the consistency of data.
- Leading zeros (which are zeros before numerical data) is avoided
- The demographic file import should not exceed 5 MB. The file can be split into smaller sections if needed. The delta demographic file imports can be New Users Only for efficiency.

*NOTE: Notify the Support Team if the files routinely will be larger than these limits, and they will evaluate accommodations on a case by case basis.*

## Technical Validations

#	Column Name	Data Type	Length	Possible Values / Technical Requirements
A	InstitutionID	Text	50	
B	InstitutionName	Text	100	
C	DepartmentID	Text	50	
D	DepartmentName	Text	100	
E	UserID*	Text	255	Unique Identifier per user specific to HR AD, NRP LMS, 3 <sup>rd</sup> party LMS
F	FirstName*	Text	50	
G	MiddleName	Text	50	
H	LastName*	Text	50	
I	Email*	Text	255	Valid email address. The NRP LP platform will send the user emails for account generation and password re-set, and, if applicable, alerts for assignments, etc.
J	JobTitle	Text	100	
K	Status	Text	10	Enable / Disable. For example, during the initial upload, learners should be set to Active. When a learner leaves the company or is no longer required to have training compliance from an organization, then the learner would be set to Inactive. However, the user can access the course through a Global Account.

## SFTP Location setup

### SFTP Inbound/Outbound - General Information

NRP LP uses a SFTP (Secure File Transfer Protocol) site to transfer files to and from an organization. The Implementation Team created the default SFTP site during an implementation process. The NRP LP Implementer can create a customer SFTP site as well.

Examples of files transferred using the SFTP site:

- Demographic Import File (Inbound) – File used to transfer user information to the NRP LP platform.
- HRIS (Outbound) – File used to transfer course completion information to an organization’s HR system.

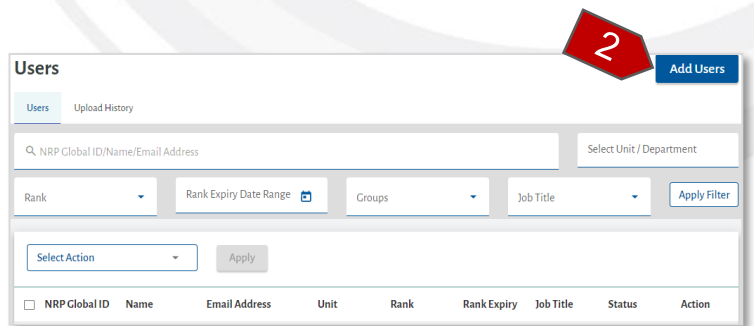

### Users – Methods of Adding Users to the NRP LP Platform

There are two methods of adding users to the NRP LP platform:

- Manually, via the Demographic Import File, bulk user upload (RECOMMENDED).
- Manually, via the NRP LP Administration Interface, one user at a time.
- Automatically, via a Demographic Import File and the SFTP site, which can be a full list of users (Full Feed) or just the changes to the current listing in the NRP LP (Delta feed).

## WI: Users – Manually Adding Users via the NRP LP Administrator Interface

1. From the NRP LP Administration interface, click on the “Users” heading in the top menu bar.
2. Click on the “Add Users” button.

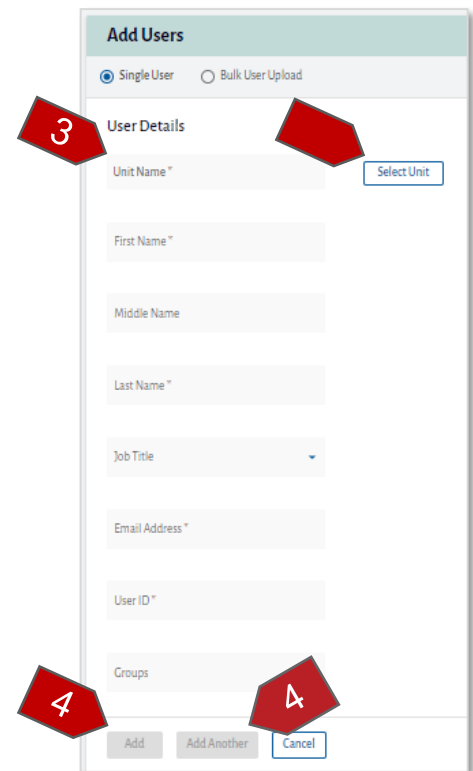

3. Enter the following details:

- Unit Name (optional) – The name of the unit to which the user belongs to in an organization hierarchy
- First Name\* – The first name of the user
- Middle Name (optional) – The middle name of the user
- Last Name\* – The last name of the user
- Job Title (optional) – The job title of the user
- Email Address\* – An email address of the user

**NOTE:**

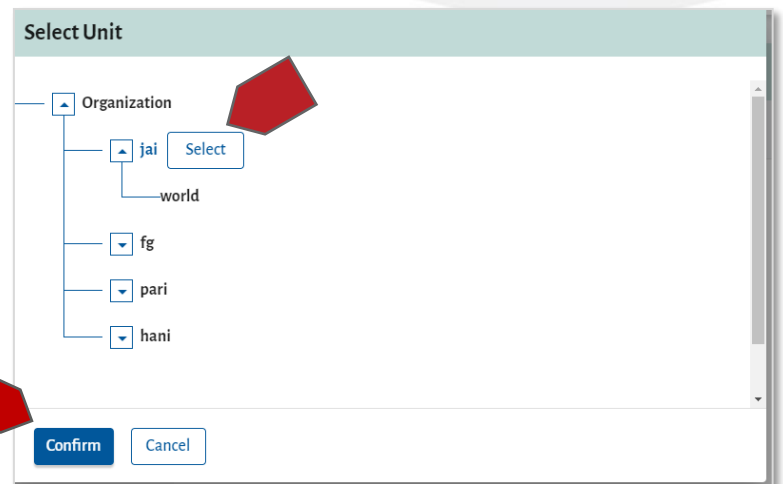

- *An existing email address in an organization will not be accepted.*

- Existing Individual personal email address can be added.
- User ID\* - The user ID of the user
- Groups (optional) – The name of the group to which the user needs to be included

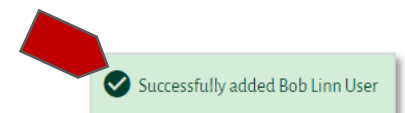

NOTE:

- By default, the 'Single User' button would be selected.
- To select a unit, click on the 'Select Unit' button in the 'Add Users' page, that displays the 'Select Unit' popup along with the units under an organization. Click on the "Select" button of a specific unit followed by "Confirm" button to select the unit for a user to be included.

4. Click on the "Add" button to add the user in an organization or click on the "Add Another" to save the user details entered and clear the fields to add the details of another user.

A green bar at the top of the page indicates that the user has been added successfully.

## WI: Users – Manually Adding Users using the Demographic Import File

1. From the NRP LP Administration interface, click on the “Users” heading in the top menu bar.

2. Click on the “Add Users” button.

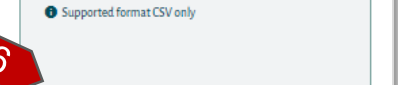

3. Select the “Bulk User Upload” button.

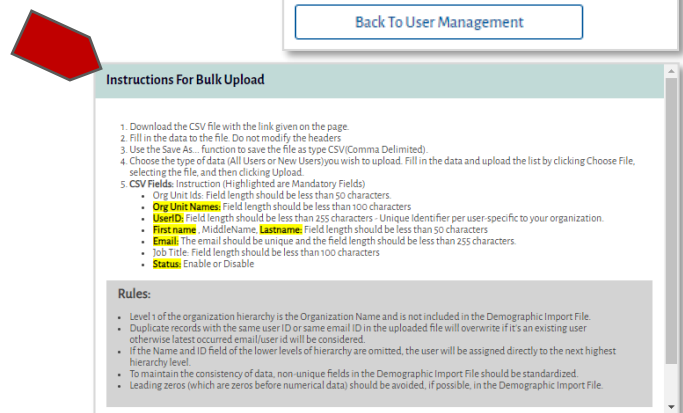

4. Click on the “Download Template” link, which downloads the file.

The Admin needs to enter the user details manually in the downloaded file and save as .CSV file.

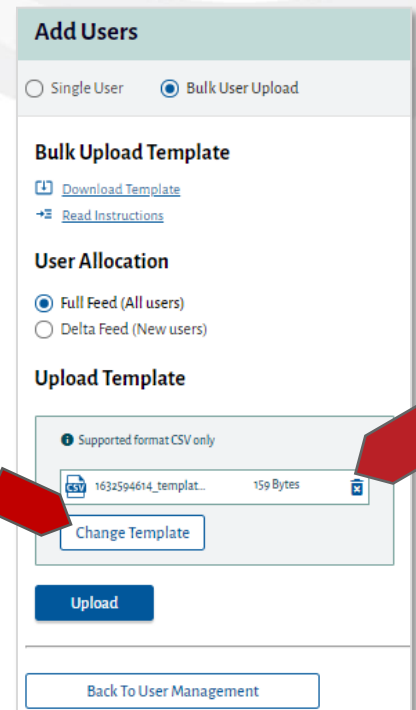

*NOTE: The instructions to ‘Bulk Upload Template’ have been provided in the “Read Instructions” link.*

5. Select either of the “User Allocation”:
  - Full Feed – For All Users
  - Delta Feed – Only for New Users
  
6. Click on the “Browse Template” button and select the file.
  
7. Once the file has been selected and displayed in the ‘Upload Template’ tile, click on the “Upload” button.

*NOTE: The browsed file can be changed or deleted in case a user has selected the wrong file, by clicking on the “Change Template” button and ‘delete icon’ respectively.*

A green bar at the top of the page indicates that the process of bulk upload has been initiated *along* with the link to view the upload status.

*NOTE: The status of the uploaded file can be viewed by clicking on the “Click here” link in the green bar or on the “Upload History” submenu.*
