

Clinical IS Update

Topic: Influenza Vaccine Screening Protocol Changes

Facility: All IU Health Facilities

Audience: Inpatient Clinical Staff

Effective Date

September 14th, 2016

Contact

IU Health Help Desk
helpdesk@iuhealth.org

Overview: *The seasonal IU Health Influenza Vaccine Assessment Protocol begins again 14 September 2016 . A link to the VIS for patients is available as Reference on the order and the MAR.*

Influenza Vaccine Assessment

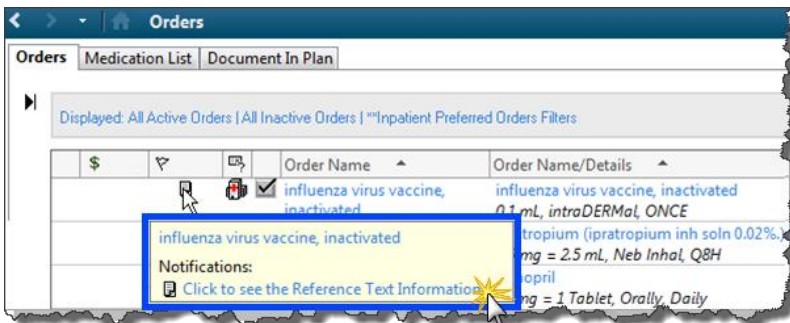

- An influenza vaccine risk assessment task will trigger for *all* eligible patients admitted to IUH Hospitals after 10:00 a.m., September 14th, 2016
- The Influenza Vaccine Information Statement (VIS) developed by the CDC to be given to patients/families can be accessed at: <http://www.cdc.gov/vaccines/hcp/vis/vis-statements/flu.html>

Note: Flu VISs are no longer updated every year. *The edition dated 8/7/2015 should be used for the current flu season.*

Accessing the Influenza VIS

To access the hyperlink to the Influenza VIS directly from **Cerner**:

Step	Action
1	 Click on the Orders band to view the patient's Orders Profile.
2	Scroll down and locate the Influenza virus vaccine order.
3	Hover over the Reference text icon and click on the blue text Click to see the Reference Text Information in the Notifications box.

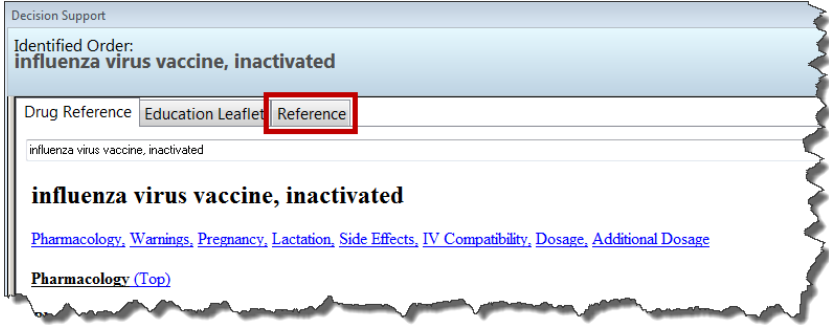

The Decision Support window defaults open to the Drug Reference tab.
