

Physician Education Express

Making Changes to Breast Milk, Mixed Formulas, and Donor Milk Orders

Audience: Riley Physicians, Fellows, Residents, Medical Students, and Advanced Practice Providers

Education Level: Yellow

Date Released: November 2022

SUMMARY

When ordering breast milk, mixed formulas, and/or donor milk orders in Cerner, please follow the below order entry protocol:

Breast Milk Orders

- Do NOT use **Cancel/Reorder**
- For changes to volume or order comments, use **Modify**
- For Calorie and/or Recipe changes, **Cancel/DC** order and **Place New Order**

Donor Milk or Mixed Formula Orders

- **Modify** is not an available function
- For changes to volume or order comments, use **Cancel/Reorder**. **Do not make changes to Additives!**
- For Calorie and/or Additive changes, **Cancel/DC** order and **Place New Order**

Highlights

Remember:

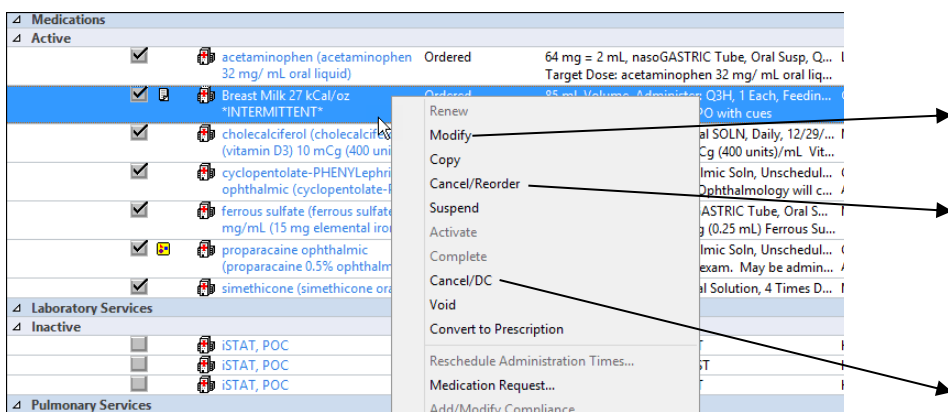

- All Breast Milk order changes (Recipe, Volume) should be placed by 13:00
- Changes to Continuous feeding orders should take place at 16:00.
- Changes to bolus feeding orders should take place at 17:00

For more information, please reach out to Wendy Cruse, MMSc, RDN, CSPSCC, CLS, LD
